

Mining Industry Experience Program

What if your dream career is one you have never considered?

No mining experience or knowledge required — just curiosity.

This is your chance to discover mining and what it takes to power the modern world.

What's in it for you?

Paid, Two-Week Program – Earn while you learn!

Discover – Learn from industry pros, tour real operations, discover career paths you didn't know existed.

Explore – Spend two weeks at your chosen hub—Vancouver, Saskatoon, or Montreal—and travel to operational sites for up to four days during that time (expenses paid).

Who can apply?

- 18+ and finishing your first year in STEM (Science, Tech, Engineering, Math).
- Available May 4–15, 2026 for in-person learning.
- Ready to fly or commute for up to 4 days on-site (travel covered!)
- Canadian citizen or permanent resident.
